Application Checklist

All components of your application must be reviewed by your faculty advisors before you submit the following materials:

___ Completed Cover Page

___ Completed Advisor Approvals and Acknowledgement page, including all signatures

___ Current full transcript, printed from Student Online Services [https://sis.rutgers.edu/tags/](https://sis.rutgers.edu/tags/)

___ Project Overview, a typed, double-spaced statement, a minimum of 2 pages, which describes your proposed project. The overview must include the following components:

   ___ Statement of your thesis question
   ___ Brief synopsis of the present state of knowledge in the area in which you will be working
   ___ Statement of research methods
   ___ Statement of your goals in doing the research
   ___ Statement of how your study will contribute to the advancement of our understanding
   ___ Statement of any preliminary work already completed

   *The Project Overview must be reasonably comprehensible to the non-specialist reader.*

___ Annotated Bibliography (cited in an appropriately scholarly fashion) -- This will not be your final bibliography, but will provide reviewers a sense of your general approach.

___ If necessary, **Institutional Review Board Clearance**: If the project involves interviewing, surveying, observing, sampling, testing or obtaining private identifiable data on human subjects, you must obtain clearance from the Office of Research Regulatory Affairs ([https://orra.rutgers.edu/irb](https://orra.rutgers.edu/irb)) by submitting the appropriate Institutional Review Board application by the posted deadline. You must provide a copy of the approval.

___ Previous Research Experience: A statement of any research experience that you have had with your proposed topic or within your major/minor. Indicate if the research experience was paid, volunteer, or for credit.

___ Personal Interest: A statement describing your personal interests that led you to undertake the research. Include what you find most interesting about the field and topic that you propose to study, and what personal goals you hope to achieve by researching this topic. If your project relates to your career interests, explain the connection.
