What is Nontraditional Status?

Nontraditional students in SAS include veterans, adult learners returning to formal education after an extended interruption, post-baccalaureate students pursuing a second undergraduate degree or major, undocumented students, and non-matriculating students taking classes for personal enrichment or professional development. Nontraditional students typically demonstrate a history of living independently and supporting themselves fully, working full time, or are married or supporting dependent children and/or spouses. Nontraditional students are considered independent by the Rutgers Financial Aid Office if receiving financial aid.

Within the School of Arts and Sciences, **Nontraditional status is also a formal designation granted by SAS that exempts students from the requirement of full-time enrollment** that applies to all other SAS undergraduates and all international students on F-1 or J-1 visas. Nontraditional students may register for fewer than 12 credits in any semester or reduce their enrollment below 12 credits during any semester, subject to University deadlines, without additional permission from SAS.

It is important to keep in mind that students registered for fewer than 12 credits are considered part-time under University regulations and federal law. Part-time enrollment can affect visa status and eligibility for financial aid, military benefits, health insurance, campus housing, scholarships, visas, etc.

Please see the detailed information about [Nontraditional Status](https://sasundergrad.rutgers.edu/advising/current-students/nontraditional-students) online at [https://sasundergrad.rutgers.edu/advising/current-students/nontraditional-students](https://sasundergrad.rutgers.edu/advising/current-students/nontraditional-students), paying special attention to the [Cautions for Nontraditional Students](https://sasundergrad.rutgers.edu/advising/current-students/nontraditional-students) which lays out the specific ways in which part-time enrollment can affect your eligibility for aid and some University services.

The following pages contain a list of University and community resources that we hope you will find helpful. If you have any questions about these resources, please contact us at [nontraditional@sas.rutgers.edu](mailto:nontraditional@sas.rutgers.edu)

Child Care Resources

- **Rutgers Psychology Child Development Center**  [https://www.douglasschildcare.rutgers.edu/](https://www.douglasschildcare.rutgers.edu/)
  The Rutgers Psychology Child Development Center offers two twelve-month Rutgers University preschools at two campus locations on the Cook/Douglass campus of Rutgers-New Brunswick. The Nursery Program provides early care and education for children ages 1-2 years of age. The Kinder Garden Program provides early 3-4 years of age. Priority enrollment is granted to enrolled Rutgers students and University staff. Children participate in activities to promote healthy lifestyles, and all children go outdoors each day unless the weather or environment is severe. Breakfast, lunch and afternoon snack are provided each day to the children and these meals are included in our tuition. Menus are prepared by a certified nutritionist, and all meals are served family-style with the children and teachers sitting together for conversation as well as to promote healthy eating and dining habits. Upon signing an enrollment contract, parents must provide a non-refundable tuition deposit equivalent to 1 month’s tuition that may be credited to a child’s final month of enrollment at the Center. Both sites are located on the Cook/Douglass campuses of Rutgers New Brunswick and are open Monday-Friday from 7:30am-6pm, all 12 months of the year.
  Rutgers–Livingston Day Care Center is a private, not-for-profit early childhood program in Piscataway, across the street from the Rutgers Livingston Campus, serving the Rutgers University community since 1974. The center provides an early care and education program with a developmentally appropriate curriculum that is intentionally designed to foster social, emotional, intellectual and physical development. Children play outside every day, unless it is raining heavily. Breakfast, lunch and afternoon snack are prepared on site by our own cook. Children’s nutrition is important and the center participates in the federal Child and Adult Food Program. Enrollment is open to children 20 months through Kindergarten. Applications from all interested families are welcome, with priority given to children whose parent/guardian has a current affiliation with Rutgers University. The Center has rolling admissions; children are enrolled as openings occur throughout the year with most openings occurring June-September.
Child-friendly Campus Spaces

Children are welcome in many Rutgers buildings, and all Rutgers-New Brunswick undergraduate students are allowed to bring their dependents to campus. However, parents or guardians have full responsibility for the child(ren) at all times, and children under the age of 18 must always be accompanied by an adult. Regulations regarding disruption apply to children just as they apply to all students. Rutgers staff are not permitted to provide childcare. Students may wish to consult with their professors regarding bringing children to class.

Housing can include single-family homes, townhouses and apartments and is not limited to units located in subsidized housing projects. Housing choice vouchers are administered locally by Public Housing Agencies (PHAs). A family that is issued a housing voucher is responsible for finding a suitable housing unit of the family's choice where the owner agrees to rent under the program. A housing subsidy is paid to the landlord directly by the PHA on behalf of the participating family. The family pays the difference between the actual rent charged by the landlord and the amount subsidized by the program.

Register for Classes

You will need to use a variety of online tools to plan and register each semester. Mastering them will make your life at Rutgers a lot easier! A set of brief videos demonstrate how to use each tool, under the heading Course Scheduling and Add/Drop, online at https://success.rutgers.edu/how-information

In combination with the videos, these steps outline the order in which to use the online tools:

**How many degree credits do I have?**
- My Rutgers Portal  my.rutgers.edu
Your registration day is based on the number of degree credits you have earned to date. View your “full transcript” on the Academics tab to see how many degree credits you have. (Degree Navigator also shows your total earned degree credits under My Course List)

**When Do I Register?**
- Registration Schedule  nbregistrar.rutgers.edu/undergrad/reginfo.htm
Check the Registration Schedule to see your registration dates by degree credits earned.

**What should I take?**
- Degree Navigator  nbdn.rutgers.edu
  Use DN to view your remaining requirements for the SAS Core and planned or declared majors/minors.
  - SAS Degree Requirements  https://sasundergrad.rutgers.edu/degree-requirements/requirements

**How do I make a schedule?**
• Schedule of Classes  [sis.rutgers.edu/soc](http://sis.rutgers.edu/soc)
  o Browse course offerings for the upcoming semester. You can use the left menu in yellow to filter the classes you see: filter out closed classes, filter for preferred meeting times/modes, and even filter to find classes that fulfill two Core or Core/Major/Minor requirements at once.
  o Read the fine print under each class for pre-reqs and registration restrictions—some classes are for declared majors only, for seniors only, etc.

• Course Schedule Planner (CSP)  [https://sims.rutgers.edu/csp](http://https://sims.rutgers.edu/csp)
  o Load in your preferred courses, filter to exclude closed sections, then save your favorite schedules so that you can register in just two clicks on your scheduled registration day.

**How do I actually register?**
•  [webreg.rutgers.edu](http://webreg.rutgers.edu)  or “Register” button on CSP

**Registration Adjustments: Adding, Dropping or Withdrawing from Classes**

**Semester Calendar**  [https://nbregistrar.rutgers.edu/undergrad/calendar.htm](http://https://nbregistrar.rutgers.edu/undergrad/calendar.htm)
Shows University deadlines for when you can add, drop or withdraw.

• **Dropped classes disappear from your transcript.** If you are registered below 12 credits, dropped classes result in reduced tuition AND may also result in reduced financial aid/scholarship monies/military benefits. Get informed before you drop.

• **Withdrawn classes (Drops with a “W”) stay on your transcript** with a notation of W. Your professor will also see the notation of W on his/her online class roster, as a reminder that you are no longer enrolled in the class and should not be assigned a semester grade in evaluation of your academic work. Withdrawn classes do not reduce tuition.

• **Students can add classes to their semester schedule at these times:**
  o During the University’s Pre-registration period for the upcoming semester (up to 18 credits)
  o During the University’s Add/Drop period at the beginning of each semester (up to 20.5 credits)
  o Any time before the first class meeting for Mini-courses (1- or 1.5-credit classes lasting only 5 to 7 weeks) that begin in the last half of the semester. But an SAS advisor will need to add these classes for you.
  o Any time with both a Special Permission Number from the academic department and an email note from the professor stating that you are permitted to add the class late.
