FINAL EXAMS: Survival Tips for a Strong Finish

Visit the RLC’s website for tutoring, academic coaching, study groups & more!

Check your internet connection before logging in, especially if it’s a timed exam!

If possible, take practice exams & complete sample questions.

The SAS Honors Program offers 1-on-1 tutoring for most subjects. Sessions are still open!

Save your progress during the exam in case you have tech issues at some point.

3 Things You Can Do This Winter Break

1. EXPLORE MAJORS & MINORS
   The SAS Major, Minor & Career Readiness Fair might be over, but you still have access to great resources from the participating departments. Log into Canvas to learn more about majors & minors.

2. SCHEDULE AN ADVISING APPOINTMENT
   Did you know OAAS is open in early January? Winter break is a great time to ask questions and confirm you’re on track to graduate. Beat the crowds, & self-schedule an appointment before spring semester begins.

3. JUMPSTART AN INTERNSHIP SEARCH
   Spring is a big recruitment time for internships, even during COVID times. Meet with a CES career advisor to learn how to find opportunities, refine your resume and interview well.

REMEMBER!
Registration is based on credits earned, and doesn’t include current Fall 2020 courses. Log into Degree Navigator to see your credit total.
