Welcome Sophomores!

Sophomore year is a great time to reflect on goals, build skills and explore different kinds of subjects. Did you know most students declare their major & minor by the end of second year?

The Sophomore & Junior Office is here to help! We'll send you seasonal memos like this with important dates, tips and advice for maximizing your sophomore year. Save these memos, and take advantage of our fall programming, to get the most out of your SAS degree.

We hope you have an amazing summer and look forward to working with you!

*RU Offices will be closed 5/27, 6/21, 7/4 & 9/2 for official holidays.
