School of Arts and Sciences

Presentation of Graduates

Class of 2020
Greeting from the Executive Dean

Congratulations School of Arts and Sciences Class of 2020!

This year we celebrate your graduation from afar. Yet make no mistake—your resilience and success are recognized by me and the entire Arts and Sciences community.

Finishing your undergraduate degree during a global crisis is a heroic achievement. You should look upon it with tremendous pride.

In 1932, during the depths of the Great Depression, President Franklin Delano Roosevelt told graduates they would play a great role in America’s recovery. This holds true today when we need your courage, creativity, and problem-solving skills.

I have confidence that the education you received in the School of Arts and Sciences—with our emphasis on Excellence, Opportunity, and Leadership—has prepared you well for that task.

I would like to conclude with FDR’s closing remarks to the Class of 1932:

Yours is not the task of making your way in the world, but the task of remaking the world which you will find before you. May every one of us be granted the courage, the faith, and the vision to give the best that is in us to that remaking!

Class of 2020, it is truly an honor for me to recognize your achievement, to welcome you as Rutgers alumni, and to usher you into the next phase of your lives as active and engaged adults, and future leaders.

Peter March
Executive Dean
About the School of Arts and Sciences

The School of Arts and Sciences was created in 2007 as the centerpiece of a major initiative to transform undergraduate education at Rutgers University, one of the nation’s leading public research universities.

With roots that date back to the colonial history of higher education in America, the School of Arts and Sciences upholds the tradition of excellence established by Rutgers College, and continues the expansion of access to an outstanding university education created by Douglass, Livingston, and University Colleges.

Today the School of Arts and Sciences is a globally-engaged, 21st century teaching and research institution, committed to meeting the challenges of a rapidly-changing world while offering students unparalleled access to renowned faculty across the life sciences, humanities, mathematical and physical sciences, and social and behavioral sciences.

The School offers more than 50 majors, a residential Honors Program, and Signature Courses led by award-winning faculty that explore issues of enduring importance and new challenges of the 21st century.

With its historic central location on Voorhees Mall, the School of Arts and Sciences is a major presence throughout the New Brunswick and Piscataway campuses, from ivy-covered classroom buildings on the Douglass Campus to state-of-the-art laboratories on Busch and Livingston campuses.

Dear SAS Class of 2020:

Congratulations!

Without a doubt, your graduation will definitely be one to remember.

As a graduate of the Rutgers School of Arts and Sciences (SAS), you are in the best position possible to make an impact on humanity, whether by helping one person, your town, the nation, or even the world!

Take your Arts and Sciences education and time "On The Banks" and think big about your post-graduation goals. And, be sure to make time for fun!

As the president of the Rutgers Alumni Association for the School of Arts and Sciences and part of the first SAS graduating class in 2011, I invite you to stay connected with Rutgers.

The Rutgers Alumni Association has a number of ways for you to get involved and meet fellow alumni who can help with your life's goals and dreams.

Congratulations from all of us at the Rutgers Alumni Association!

Best wishes,

Danielle Bechta SAS'11
President, Rutgers Alumni Association

Graduation Honors

The bachelor’s degree is conferred “Summa Cum Laude” to graduating seniors with a cumulative grade-point average of 3.850 or better, “Magna Cum Laude” to those with a cumulative average of 3.700 or better, and “Cum Laude” to those with a cumulative average of 3.500 or better. Since the final grades are known within only a few days of commencement, it is not possible to include levels of honors in this program. They will be imprinted on the diploma and noted on the transcript. Candidates graduating with Graduation Honors are presented with gold honors cords to adorn their academic regalia.
Membership in Phi Beta Kappa is an honor conferred in recognition of scholarly achievement in the liberal arts and sciences, including proficiency in a foreign language at the intermediate college level. Membership in Phi Beta Kappa will be noted on the transcript.

The designation of School of Arts and Sciences Honors Scholar is conferred upon members of the Honors Program who have successfully completed the required Honors Scholars curriculum at the time of graduation. Pending review of Spring 2020 grades, this designation will be noted on the final transcript.
The School of Arts and Sciences Henry Rutgers Scholar Awards recognize the outstanding senior honors theses, either Departmental or Interdisciplinary, for the academic year. To be considered for a Henry Rutgers Scholar Award, a student must have presented their research at the Aresty Research Center Symposium, a department-based research event, or a professional conference, and be nominated by their academic department and/or individual advisor.

The Academic Costume

The wearing of academic dress dates back to the early days of the oldest universities in the world. In the American Council on Education’s book entitled American Universities and Colleges, it is suggested that “Gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head. . . .”

Throughout the years, European universities have continued to show great diversity in their academic dress. American universities, on the other hand, when they decided to adopt academic dress, immediately established a code of regulations which today is followed by almost all American institutions. The establishment of this code has made it possible to distinguish between the Bachelors, Masters, and Doctors, and, at the same time, recognize the university which has given them the degree.

Gowns: Bachelor’s gown has pointed sleeves and is worn closed. Master’s gown, worn open or closed, has oblong sleeves, the front part of which frequently is cut away at the elbow. Doctor’s gown has bell-shaped sleeves. It is worn open or closed. Cotton poplin or similar material is used for the Bachelor’s and Master’s degrees, and rayon or silk ribbed material is used for the Doctor’s degree.

Hoods: The hoods vary in sizes: 48 inches for the Doctor’s degree, 42 inches for the Master’s, and 36 inches for the Bachelor’s. All hoods are lined in silk in the academic color or colors of the institution conferring the degree. If the institution has more than one color, the colors are shown in divisions using chevrons. The binding or edge of the hood is usually made of velvet in the color designating the subject in which the degree was granted.

Below is a list of some of the faculty colors as prescribed by the Intercollegiate Code for the binding of the hood:

The color or colors of the lining of the hood for the nine colonial colleges are: scarlet, Rutgers; crimson, Harvard; green-gold-silver, William and Mary; blue, Yale; red-blue, Pennsylvania; orange-black, Princeton; light blue-white, Columbia; brown, Brown; and green-white, Dartmouth.

Caps: Black mortarboards or soft hats are worn for all degrees. The gold tassel signifies a Doctorate.
