WANT TO FEEL MORE CONFIDENT ABOUT YOUR POST GRADUATION JOB SEARCH?

Graduation will be here before you know it. The 1.5 credit Career Explorations in Arts & Sciences Course 01:090:210 can help you prepare to get started in any career.

In this course you will:

UNDERSTAND YOUR PURPOSE

Assess your values, interests, and skills. Learn to build a career that fits your purpose and gives you a pay check!

EXPLORE CAREERS

Research and talk to alumni about the many different types of careers SAS majors enter, from those directly related to a major, to those in business & other fields.

PREPARE FOR SUCCESS

Develop a professional resume and cover letter, practice networking and interviewing skills, and learn what it takes to make a successful transition post graduation.
