Open to Sophomores, Juniors, and Seniors

WANT TO FEEL MORE CONFIDENT ABOUT YOUR POST GRADUATION JOB SEARCH?

Graduation will be here before you know it. The 1.5 credit Career Explorations in Arts & Sciences Course 01:090:210 can help you prepare to get started in any career.

In this course you will:

UNDERSTAND YOUR PURPOSE

Assess your values, interests, and skills. Learn to build a career that fits your purpose and gives you a pay check!

EXPLORE CAREERS

Research and talk to alumni about the many different types of careers SAS majors enter, from those directly related to a major, to those in business & other fields.

PREPARE FOR SUCCESS

Develop a professional resume and cover letter, practice networking and interviewing skills, and learn what it takes to make a successful transition post graduation.

Fall 23 courses include sections for:

- All Majors
- Seniors Only
- Medicine, Biology, and Life Sciences
- EOF
- International
- Political Science
- Cognitive Science
- English and Literature
