Application Checklist

*All components of your application must be reviewed
by your faculty advisors before you submit the following materials:*

_____ **Completed Cover Page**

_____ **Completed Thesis Advisor Approvals and Acknowledgement page**, including all signatures

_____ **Current full transcript**, printed from Student Online Services <https://sis.rutgers.edu/tags/>

_____ **Project Overview**, a typed, double-spaced statement, a minimum of 2 pages, which describes your proposed project. The overview must include the following components:

_____ Statement of your thesis question

_____ Brief synopsis of the present state of knowledge in the area in which you will be working

_____ Statement of research methods

_____ Statement of your goals in doing the research

_____ Statement of how your study will contribute to the advancement of our understanding

_____ Statement of any preliminary work already completed

The Project Overview must be reasonably comprehensible to the non-specialist reader.

_____ **Annotated Bibliography** (cited in an appropriately scholarly fashion) -- This will not be your final bibliography, but will provide reviewers a sense of your general approach.

_____ If necessary, **Institutional Review Board Clearance**: If the project involves interviewing, surveying, observing, sampling, testing or obtaining private identifiable data on human subjects, you **must** obtain clearance from the Office of Research Regulatory Affairs (<https://orra.rutgers.edu/irb>) by submitting the appropriate Institutional Review Board application by the posted deadline. You must provide a copy of the approval.

_____ **Previous Research Experience**: A statement of any research experience that you have had with your proposed topic or within your major/minor. Indicate if the research experience was paid, volunteer, or for credit.

_____ **Personal Interest**: A statement describing your personal interests that led you to undertake the research. Include what you find most interesting about the field and topic that you propose to study, and what personal goals you hope to achieve by researching this topic. If your project relates to your career interests, explain the connection.
